LEADERS IN TRAINING

June 23-29
Ages: 14-17

The Leaders In Training (LIT) week is geared toward each participant learning about his/her leadership style, facilitation style, and ways to be a leader. The students will be working on independent reflection, leadership goals, group projects, and team-building strategies throughout the week, culminating in a leadership implementation plan for their own community. The week will also include horseback-riding, pool parties, ropes course challenges, beautiful hikes, and exploration of the surrounding area.

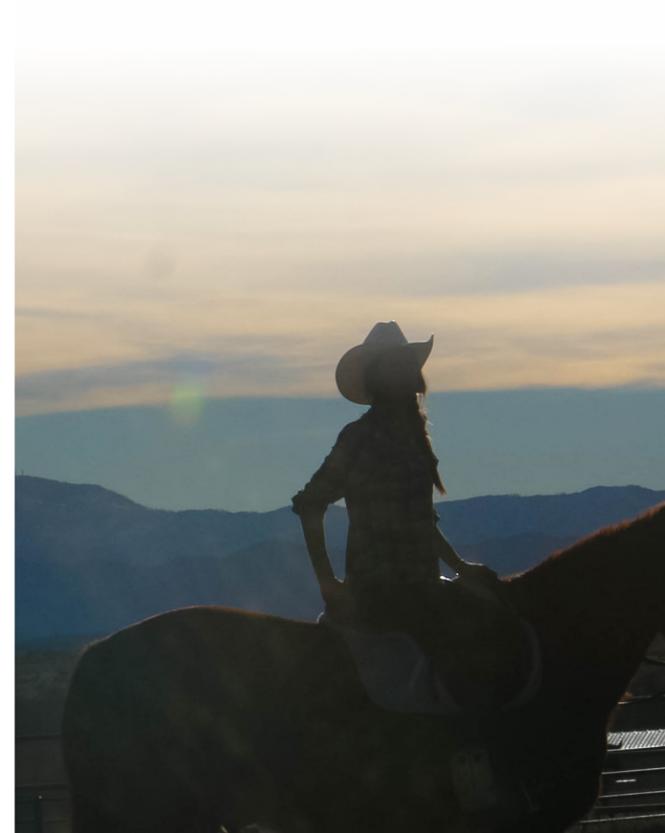

HORSEMANSHIP CAMP

July 7-13 Session 1
July 14-20 Session 2
Ages: 10-17

Horsemanship Camp is for campers to hone their riding and horsemanship skills. Campers will challenge themselves with timed events including Barrel Racing and Pole Bending as well as cattle work including team sorting, cattle round-ups and roping. There's plenty of time for traditional camp fun when you're out of the saddle, from hanging out at the pool to making s'mores around the campfire. Campers may bring their own horse, or one will be provided. Riders of all ability levels are welcome.

CARAVAN ADVENTURE CAMP

SOUTHWEST NATIONAL PARKS
July 6-13
Ages: 13-17

Week 1 at the Orme Summer Camp is packed with outdoor education fun! Campers will be exploring the beautiful and diverse national parks in the greater Arizona and Utah area. We will hike in and around both Bryce and Zion National Parks, have a guided geological tour through Antelope Canyon, swim and relax at Lake Powell, visit the picturesque Horseshoe Bend, create various nature inspired art pieces and journaling, sled down coral pink sand dunes, and horseback ride and day hike in and around Orme. The week will be physically challenging, but deeply rewarding for a young adventurer seeking to see more of our beautiful and humbling national parks.

CARAVAN ADVENTURE CAMP

THE GREEN RIVER
July 14-21
Ages: 13-17

Week 2 at the Orme Summer Camp will also include a lot of outdoor education with a focus on river recreation. Campers will be canoeing a section of the Green River through amazing canyons in Utah. Participants will learn Leave No Trace principles and practice them while in the backcountry, as well as learning about the natural ecosystems and geology of the canyons. This is truly a once in a lifetime trip that will be both physically and emotionally challenging, creating strong positive memories and new friendships.
