

HONOR CODE

As a member of The Orme School Community, I pledge my honor that I will not lie, cheat, or steal.

THE ORME SCHOOL CODE

I will...

- ④ **Think critically, reflect, and come to know myself.**
The most important skill you need to develop at Orme is the ability to be a critical thinker. Learn to think, reflect and see things from multiple perspectives. Come to understand the value of your own ideas and thoughts, and refrain from taking credit for other people's work. Each one of us can become an active and engaged learner, which allows us to better understand ourselves and the world around us.
- ④ **Respect myself and care for one another.**
Respect begins with self-respect. Make intelligent, safe and healthy choices so you can live a full, dynamic life. Watch out for each other and help others make good choices. Uphold the *Honor Code*. Follow the Golden Rule – Treat others the way that you'd like to be treated in all that you do.
- ④ **Develop character by assuming personal responsibility for my actions and act with integrity, courage, and good character.**
It is essential that each member of a community be personally accountable for their behavior, and trusted by others to be honest. At times, courage and a positive attitude are needed when you are faced with a difficult situation.
- ④ **Embrace the diversity that exists at Orme as well as in the global community.**
Learn from the differences within our community, and do everything possible to make Orme a school of international and inter-personal understanding, compassion, and social progress.
- ④ **Move towards sustainability and come to appreciate the dignity of work.**
Take pride in your work. At Orme, you will be challenged to be innovative and consistent in the use and stewardship of our natural, human and economic resources. Develop a healthy community, maintain a fulfilling quality of life, and enhance our environment by leaving things better than you found them. Prepare to make a positive difference in the world.
